WCHD Mobile Health Hits the Road Again in 2026

The Warren County Health District is excited to announce our WCHD Mobile Health is officially back on the road for the 2026 season! This year, WCHD Mobile Health will make regularly scheduled stops at eight community locations, offering convenient, local options for Warren County residents.

Our WCHD Mobile Health provides a mobile space where Warren County residents can receive primary health care and health education close to home. WCHD Mobile Health further supports Warren County residents by reducing transportation challenges, increasing access to routine care, as well as strengthening community health as a whole. It is best to schedule a Mobile Health appointment by calling 513-787-3335. However, we also accept walk-ins!
